

Administrator may include other agencies for purposes of reviewing the management program and environmental impact statement.

(f) The term *Coastal State* means a State of the United States in, or bordering on, the Atlantic, Pacific, or Arctic Ocean, the Gulf of Mexico, Long Island Sound, or one or more of the Great Lakes. Pursuant to section 304(3) of the Act, the term also includes Puerto Rico, the Virgin Islands, Guam, and American Samoa. Pursuant to section 703 of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, the term also includes the Northern Marianas.

(g) The term *management program* includes, but is not limited to, a comprehensive statement in words, maps, illustrations, or other media of communication, including an articulation of enforceable policies and citation of authorities providing this enforceability, prepared and adopted by the State in accordance with the provisions of this Act and this part, setting forth objectives, policies, and standards to guide public and private uses of lands and waters in the coastal zone.

(h) The following terms, as used in these regulations, have the same definition as provided in section 304 of the Act:

- (1) Coastal zone;
- (2) Coastal waters;
- (3) Enforceable policy;
- (4) Estuary;
- (5) Land use; and
- (6) Water use.

(i) The term *grant* means a financial assistance instrument and refers to both grants and cooperative agreements.

§ 923.3 General requirements.

(a) The management program must be developed and adopted in accordance with the requirements of the Act and this part, after notice, and the opportunity for full participation by relevant Federal and State agencies, local governments, regional organizations, port authorities, and other interested parties and persons, and be adequate to carry out the purposes of the Act and be consistent with the national policy set forth in section 303 of the Act.

(b) The management program must provide for the management of those land and water uses having a direct and significant impact on coastal waters and those geographic areas which are likely to be affected by or vulnerable to sea level rise. The program must include provisions to assure the appropriate protection of those significant resources and areas, such as wetlands, beaches and dunes, and barrier islands, that make the State's coastal zone a unique, vulnerable, or valuable area.

(c) The management program must contain a broad class of policies for each of the following areas: resource protection, management of coastal development, and simplification of governmental processes. These three broad classes must include specific policies that provide the framework for the exercise of various management techniques and authorities governing coastal resources, uses, and areas. The three classes must include policies that address uses of or impacts on wetlands and floodplains within the State's coastal zone, and that minimize the destruction, loss or degradation of wetlands and preserve and enhance their natural values in accordance with the purposes of Executive Order 11990, pertaining to wetlands. These policies also must reduce risks of flood loss, minimize the impact of floods on human safety, health and welfare, and preserve the natural, beneficial values served by floodplains, in accordance with the purposes of Executive Order 11988, pertaining to floodplains.

(d) The policies in the program must be appropriate to the nature and degree of management needed for uses, areas, and resources identified as subject to the program.

(e) The policies, standards, objectives, criteria, and procedures by which program decisions will be made must provide:

(1) A clear understanding of the content of the program, especially in identifying who will be affected by the program and how, and

(2) A clear sense of direction and predictability for decisionmakers who must take actions pursuant to or consistent with the management program.
